

# WHITE VENTOUX

## CAROLINE BONNEFOY

### SOIL

Vineyard located on the northern slope of Mont Ventoux, clay-limestone soil and subsoil.

### GRAPES VARIETIES

Grenache, Marsanne et Clairette.

### VINIFICATION

Elaborated in blanc de blanc, the grape is directly pressed. The slow fermentation is carried out at low temperature.

### TASTING

Wine with a light yellow color. Very expressive nose that develops floral and yellow fruit aromas. Greedy and fruity mouth.

### FOOD AN WINE PAIRING

To be enjoyed chilled as an aperitif or to accompany fish, shellfish and hard cheese.
